

AFFIDAVIT
Humanity and Respect

We, the undersigned Elders of Lucia's home, request that the following four conditions of human decency and respect be met by your village.

To generate this list of four conditions, we have thought carefully, negotiated truthfully, listened with awareness and pledged with honesty.

We understand that once you have read and co-signed the affidavit and we have submitted it to Lucia, she might consider returning to your village.

What happens then is for all to see!
